**Subject: Follow up Announcement**

To: all BL RF Power employees in the Netherlands, USA, Asia and France

Dear team,

I understand that some follow up questions were raised about the RF Power Town meeting and the General Town meeting of last Monday.

I appreciate you asking us questions, I see the teams talking about our new future and I am receiving a lot of positive feedback.

I am confident about our future. With a new owner, I expect we will be able to create our own destiny. Embracing this change is perhaps not always easy, but I truly believe this step will help us in achieving our ambitions.

The message we gave in our RF Power Town meeting is the message looking forward. The NXP plan is to divest the NXP RF Power business this year. The divestment will be in such a way that the NXP RFPower business will be a strong viable competitive and sustainable entity. We are convinced that we will find an attractive buyer for our strong performing and healthy business.

For the coming period it is important that we all keep focus on our current priorities and activities to safeguard continuity.

I'm looking forward walking this journey together and I'm really excited about continuing our success and further growing our business.

Attached are the RF Power Town Meeting slides dated and distributed on March 3, 2015.

Regards,  
Reinier Beltman
